

*Alexander Höptner is CEO of AllUnity, where he leads the company's strategy and growth. He previously led 100x Group (BitMEX) as Group CEO and served as CEO of Börse Stuttgart GmbH and Euwax AG, where he transformed Börse Stuttgart into a leading digital asset trading venue and the first traditional EU exchange to offer crypto markets. Earlier, he spent 15 years at Deutsche Börse AG, where he held senior roles. During this time, he was instrumental in establishing two startups focused on trading virtual assets on blockchain technology in the gaming industry.*
