* Changes to the list of countries as per January 2019 are marked with *.

¹ Based on the list of countries for the foreign trade statistics of the Federal Republic of Germany (Federal Statistical Office). - For the allocation of individual areas to specific countries see: "Alphabetisches Länderverzeichnis für die Außenhandelsstatistik" produced by the Federal Statistical Office.

² Payments from/to international organisations should be shown in the reports under the special country code (see column "num code" in the

"List of Codes for International Organisations").

³ Temporary code, which does not anticipate the final country designation.

⁴ The country codes "106 - U1" required for credit institution reports pursuant to section 18 of the Bundesbank Act may also be used.

⁵ Country code differs from the code given in the country list for external trade statistics.

⁶ This code should only be used in agreement with Deutsche Bundesbank.

The country list is for statistical purposes only. The designations do not constitute any confirmation or recognition of the political status of a country or the borders of its territories.
