¹⁾The results reported in the respective month refer to the previous quarter.

²⁾ Discrepancies may exist between the net balances presented here and the harmonised data for Germany published in the ECB's Statistical Datawarehouse owing to differences in the treatment of the "not applicable" response category.

* For questions concerning supply: difference between the total number of "tightened considerably" and "tightened somewhat" responses and the total number of "eased somewhat" and "eased considerably" responses (as a percentage of all responses).

** For questions concerning demand: the difference between the total number of "increased considerably" and "increased somewhat" responses and the total number of "decreased somewhat" and "decreased considerably" responses (as a percentage of all responses).
