<sup>1)</sup>The results reported in the respective month refer to the previous quarter.

<sup>2)</sup> Discrepancies may exist between the net balances presented here and the harmonised data for Germany published in the ECB's Statistical Datawarehouse owing to differences in the treatment of the "not applicable" response category.

\* For questions concerning supply: difference between the total number of "tightened considerably" and "tightened somewhat" responses and the total number of "eased somewhat" and "eased considerably" responses (as a percentage of all responses).

\* For questions concerning demand: the difference between the total number of "increased considerably" and "increased somewhat" responses and the total number of "decreased somewhat" and "decreased considerably" responses (as a percentage of all responses).

More details and background information on the bank lending survey are contained in the following articles: "A bank lending survey for the euro area", ECB Monthly Bulletin, April 2003, pp 65 - 75, "Bank Lending Survey: an interim assessment and current developments", Deutsche Bundesbank, Monthly Report, January 2009, pp 15 - 30, "Evolution of the Bank Lending Survey since the onset of the financial crisis", Deutsche Bundesbank, Monthly Report, July 2017, pp 15 - 40 and "Negative interest rate policy period and pandemic as reflected in the Bank Lending Survey", Deutsche Bundesbank, Monthly Report, September 2022, pp 17 - 45. In addition, the quarterly survey results are the topic of regular commentary in the ECB's Monthly Bulletin and the Bundesbank's Monthly Report.

2. Over the past three months, how have the following factors affected your bank's credit standards as applied to the approval of loans or credit lines to enterprises (as described in question 1)?
