1 Incl. freight and insurance costs of foreign trade, see "Explanatory notes and lists". **2** The sub-items of serivces do not add up to the aggregate because – due to methodological reasons – the construction item reports only the net receipts of domestic companies for construction services abroad and net expenditure to foreign companies for construction services in the reporting country. **3** Incl. fees for processing goods that are not owned by the processor. **4** For a breakdown of transport services and comments, see table II. 3b). **5** Since 2001, the sample results of a household survey have been for expenditure.
